How the Uniform Rental Program Works.

Program Start:

You will be assigned 11 garments when you start the program

- 5 Garments worn (1 for each day of the work week)
- 5 Garments being cleaned each week
- + 1 Extra Garment (you are currently wearing)

11 Garments Total

How the Service Works:

Each week, Deluxe Dry Cleaners will pick up your soiled garments and return your cleaned garments from the previous week.

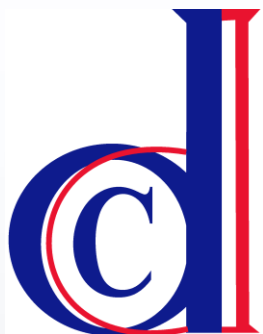

Deluxe Dry Cleaners system is simple:

Each worker will have enough uniforms for two weeks. One clean set is for his/her current workweek. Meanwhile, the other set is at Deluxe Dry Cleaners being laundered and checked for repairs. The system is flexible, so it can be customized to provide the right amount of extra uniforms to make sure there are enough to cover individual work schedules or other requirements. Your uniform program will provide every worker with a clean uniform for every workday.

On a weekly basis, your Deluxe Dry Cleaner representative will come to your facility, pick up garments that have been worn since his or her last visit and drop off each workers clean uniforms for the coming week.

Your representative will also check for any needed uniform repair or replacement, or for any special requests.

Remember, there is no up-front investment on your part. Deluxe Dry Cleaners will fund the program setup, so you don't have to. That means a Deluxe Dry Cleaners uniform rental program can have a positive impact on your profitability from Day 1. Your workers will look great and so will your bottom line.
